HFHIRING

hi-Fun

ITALIAN DESIGN

hi-Ring is the handset that will take you back to the ‘60s!
The classic handset has been replaced over time
by increasingly sophisticated devices and headset smaller and smaller.
Thanks to its retro design combined with soft touch material,
hi-Ring goes against, returning to your conversations the feeling of the past,
while eliminating the harmful effect of radiation.
Choose one of the 8 available colors and connect hi-Ring
to your computer, iPad (Skype, Google talk...) or mobile
through the universal 3.5 mm jack.
hi-Ring will give you back the Joy and the taste of a real call!
